- MySQL  | Firebase

**Programming Languages**
- Java | Python | Dart

**Project Management & Source Control**
- Agile | Scrum | Git | GitHub

**Other Tools**
- Figma | Power BI

## SOFT SKILLS

- Problem-Solver
- Rapid Learner
- Team Player
- Strong Communicator
- Highly Adaptable

## REFREES

**Ms. M.S Madhubhashini**
Lecturer,
Division of Information Technology,
Institute of Technology, University of Moratuwa.
sitharam@itum.mrt.ac.lk
+94 717055905.

**Mrs. A.U.P.Athukorala**
Lecturer (Probationary),
Division of Information Technology,
Institute of Technology, University of Moratuwa.
uthpalap@itum.mrt.ac.lk
011 212 4000.

## PROFILE SUMMARY

Passionate IT undergraduate specializing in frontend development with hands-on experience in Flutter and modern web technologies. Skilled in creating intuitive, user-friendly interfaces and quickly adapting to new tools and frameworks. Eager to contribute my skills and grow through an internship in a dynamic, innovative team.

## KEY PROJECTS

**SEYONI - A Smart Workers Management Mobile App**(GitHub)
**Flutter | Node.js | Express.js | MongoDB | AWS | Git**
- Contributed to a group project creating a home service app connecting users with service providers.
- Designed and developed main frontend features using Flutter, such as the Provider Home and Review pages.
- Collaborated on implementing category and subcategory navigation for better user experience.

**Music Player Web Application**(GitHub)(visit)
**HTML | CSS | JavaScript**
- Built a music player web app using HTML, CSS, and JavaScript.
- Enabled users to play, pause, and skip tracks with basic media controls.
- Designed an interactive and user-friendly interface for smooth playback experience.

**Cinescope – Movie Explorer Web App** (Visit)
**React | Material UI |  TMDB API**
- Created a responsive movie explorer app with React and Material UI.
- Used TMDB API to fetch and display real-time movie information.
- Added features like search, filtering, and detailed movie views.

**Personal Portfolio** (Visit)
**React JS | Vite | Tailwind CSS**
- Building a responsive personal portfolio using React.js, Vite, and Tailwind CSS.
- Designed clear sections like About, Projects, and Contact.
- Added interactive navigation and smooth scrolling for better UX.
